

Concrete Finisher

Job Description

Location: Various Local Jobsites
Reports to: Crew Chief
Travel Required: Local, up to 100%

Department: Field
FLSA Status: Non-Exempt
Wage Range: \$21 – \$26 per hour

Overview

The Concrete Finisher will perform many tasks that require physical labor on construction sites in all types of weather conditions. This position will be required to smooth and finish surfaces of poured concrete including but not limited to basement and garage floors, driveways, sidewalks, porches, patios, and curb & gutter using a variety of hand and power tools and equipment including but not limited to air hammers, cement mixers, trowels, jointers, floats, and small equipment. May clean and prepare sites, dig trenches, set braces to support form work, clean up rubble and debris, and tear out concrete. The Concrete Finisher will assist other craft workers when required and take instruction. This position will learn their trade through ongoing on-the-job training.

Primary Duties & Responsibilities

Primary duties and responsibilities may include the following tasks. This list is illustrative only and is not a comprehensive listing of all functions and work performed by positions in this class, nor does it necessarily include all possible duties that may be assigned.
