

Concrete Laborer

Job Description

Location: Various Local Jobsites
Reports to: Crew Chief
Travel Required: Local, up to 100%

Department: Field
FLSA Status: Non-Exempt
Wage Range: \$17 – 22 per hour

Overview

The Concrete Laborer will perform many tasks that require physical labor on construction sites in all types of weather conditions. This position is required to assist in the construction, erection, installation, and repair of forms and fixtures of wood or plywood using hand tools and power tools, including but not limited to air hammers, earth tampers, concrete saws, surveying and measuring equipment, small equipment, and skid steer loaders. Will assist in the cleaning and preparation of sites, dig trenches, set braces to support form work, clean up rubble and debris, and tear out concrete. In addition, the Concrete Laborer will assist with the positioning and securing of steel bars or mesh in concrete forms to reinforce concrete through a variety of fasteners, rod-bending machines, and hand tools. The Laborer will assist other craft workers when required and take instruction. This position will learn their trade through ongoing on-the-job training.
